

Annual School Report (2025–26)

Global Discovery School, Rampura Phul, Bathinda

The **Global Discovery School**, located on Rampura-Bathinda Road, Rampura Phul, Bathinda (151103), is affiliated with CBSE, New Delhi, under affiliation number 1631035, with a 10-year period of affiliation. The school can be contacted via email at principal@sebschools.com or phone at 75298 61000. Spanning 3 acres, the campus boasts a well-maintained and eco-friendly environment, comprising 47 spacious and ventilated classrooms, fully equipped science laboratories for Physics, Chemistry, and Biology, a computer lab with high-speed internet, a mathematics lab, and a robotics lab. The library houses a wide range of books, journals, and digital resources, while smart classrooms with audio-visual aids enhance learning. Facilities also include a multipurpose hall and auditorium, separate playfields for football, cricket, basketball, and volleyball, indoor games provisions, safe drinking water, hygienic sanitation facilities, CCTV surveillance, and fire safety equipment.

The academic session runs from April to March, structured into Term I (April–September) with periodic tests and half-yearly examinations, and Term II (October–March) with periodic tests and annual examinations. Regular parent-teacher meetings are conducted every quarter, and co-curricular and club activities are scheduled weekly. The school has a team of 83 highly qualified teachers, all meeting CBSE norms, with the majority holding B.Ed. degrees. Faculty regularly participate in CBSE training programs, capacity-building workshops, seminars, and in-house professional development sessions.

Academically, the school achieved a 100% pass result in Classes X and XII in the Board Examination 2024–25, with 16 students scoring above 90%. The school toppers secured 96.6% in Class X and 94.6% in Class XII. Several students qualified for INSPIRE Awards, Olympiads, and other competitive examinations. Environmental education is actively promoted through plantation drives, eco-club activities, waste segregation and recycling projects, and celebrations of Environment Day, Earth Day, and Energy Conservation Day. Awareness campaigns on water conservation and maintaining a plastic-free campus are also conducted.

In sports, students participated in CBSE Cluster and Zonal Sports Tournaments, winning medals in athletics, basketball, and taekwondo, and the Annual Sports Day was conducted successfully. Regular physical education and yoga sessions are held. The school emphasizes innovations and best practices by integrating ICT in the teaching-learning process, using smart board-enabled classrooms, experiential and project-based learning, remedial and enrichment classes, and conducting career guidance and counseling sessions.

The school has a total strength of 1,212 students, consistently demonstrating academic excellence and improved overall performance, with a strong emphasis on holistic development and value-based education. Parent-Teacher Association (PTA) activities include regular meetings with active parent participation, a feedback system for academic and co-curricular improvement, and workshops on adolescent education and career guidance. Important School Management Committee (SMC) decisions during the year included upgrading laboratory equipment, installing additional smart boards, enhancing sports infrastructure, and implementing comprehensive safety and security measures.

This report encapsulates the school's commitment to academic excellence, co-curricular development, environmental awareness, sports achievements, innovative teaching practices, and strong collaboration with parents for the 2025–26 session.
